Issue No. 4 (May 17)

TOP NEWS

EDIBLE has been granted approval in:
Hôpitaux Universitaires de Genève in Geneva, Switzerland – PI Dr Christian Korff
Johns Hopkins Hospital in Baltimore, USA – PI Prof Eric H. W. Kossoff

We would like to congratulate and to thank the PIs involved for the success and invaluable help in reaching these milestones.

STATUS UPDATE

Eight sites open to recruitment: 5 in UK, 2 Italy, 1 in Austria.

Three patients recruited, the following hospitals have recruited 1 patient each:

- Birmingham Children's Hospital
- Ospedale Pediatrico Bambino Gesù
- Children's Hospital Meyer

REMINDERS

Randomisation

To randomise a patient call +44 (0) 151 794 9774 and be ready to supply:

- The protocol version you are using.
- Patient initials, birth and consent dates and screening number.
- Completed eligibility form by a delegated clinician via email.

Consent forms

Before faxing consent forms please ensure that you include a patient identifier such as the screening or randomisation number.

Screening logs

Screening logs must be sent to the data manager

NEW WEBSITE

We are in the process of launching our new website and would like to give more emphasis on acknowledging our researchers' contribution.

As such the PIs are requested to provide the following for inclusion on the EDIBLE website:

- Name, title, affiliation as you wish it to appear.
- Photo of the team working on EDIBLE (PI, Co-Is, nurses, dietitians, surgeons, psychologists etc.)
- Maximum 120 words of describing your work, research interests and expertise.

HOW CAN WE HELP?

Is there any way we could help you with any aspect of the trial?

Please get in touch via email
Edible.Study@liv.ac.uk or phone
+44 (0) 151 794 9774 about any issue.

Often the Trial Management team is able to assist, provide guidance and facilitate communication helping you decrease study related workload and speed-up processes.
